Madeley School Celebrates Aspiration:
A mind-set with high ambitions, goals and aims.

The curriculum at Madeley is designed to encourage breadth of study, taking into account government progress measures and guidelines as appropriate but one that has the outcomes for all our students at its centre.

On entry to Key Stage 3, students are set for Mathematics, Science and broadly set for English. This is based on their assessment at the end of Key Stage 2.

Students are placed in colour groups for Humanities, Music, Drama and Languages. Technology, Art, Computer Science and Physical Education are taught in form groups.

Throughout both key stages rigorous monitoring and tracking ensures that all students are correctly placed within their year group to ensure they achieve their full potential.

“Pupils are proud to be members of the school and demonstrate high standards of behaviour, showing care, respect and kindness.”

From the moment I walked through the student entrance at Madeley school, I knew I had picked the right place. There was absolutely no need to be worried: all of the teachers are inspiring, helpful and caring. The lessons are also fun, whether you are lighting a Bunsen burner in Science or sketching carefully in Art. I know that some might be nervous, but you shouldn’t be: making friends has been easy as everybody is so welcoming and kind. If you keep an open mind, you can achieve anything!
